

GINAGAY,

Jaanyмили Bawrrungga is a local governance group made up of community members and local organisations based in Bowraville.

We were born out of a community engagement and consultation process called the Solution Brokerage.

We care about our mob and yours!

Our aim is to increase the coordination of services and programs being delivered to the Bowraville Aboriginal and non-Aboriginal community.

To build a sustainable legacy of programs and options for organisations, build individual confidence and community capacity through support and advice.

We believe that by supporting our local people, giving them more opportunities to shine, that we will build a stronger more resilient community, for a stronger future.
